

Superintendent's Message

April / May 2019

As our seniors are preparing to take on new endeavors and as the end of the school year is quickly approaching, I am so proud of our staff and students. It has been another outstanding year academically and also with our co-curricular and extra-curricular activities! We the People won the state competition and are competing in nationals, Findlay First Edition just competed at the national show choir competition in Nashville, Tennessee finishing 4th overall! Once again, I am extremely proud to be the Superintendent of Findlay City Schools where we provide a quality education with unmatched extra-curricular opportunities. As a district we continue to collaborate with the community to bring the absolute best education to our students. On March 27, 2019, Millstream Med Tech students along with many others were able to observe a real time open heart surgery with the help of Mr. Malaney at Blanchard Valley Hospital. It is opportunities such as this, which sets Findlay City Schools apart. Our mission statement, Educating and Empowering for Life holds true in many of our initiatives. As we move forward in becoming a Leader in Me district and continue to embrace Trauma Informed Care, we also are growing in areas of S.T.E.A.M. (Science, Technology, Engineering, Arts, Math). As the needs of our students change in this ever changing world we do our best to prepare our students to be the best they can be.

In August the district will be rolling out a new website. We hope this will give you better access to our programs, services, and what makes Findlay City Schools the place to educate your children!

Kindergarten registration is underway and our first round of spring screening is complete. There is still time to register before the next screening dates. Please stop by our Welcome Center at 2019 Broad Ave. to enroll. Open enrollment begins on April 1, 2019 and will continue through the school year. If you are interested in taking a tour or enrolling your student please call 419-425-8275.

As always, we value our opinion! If you have any questions, please reach out to your child's principal or myself. #TrojanTrue

Sincerely,

Ed Kurt
