

Superintendent's Message

January/February

Welcome back! I hope you had a restful and relaxing holiday with family and friends. As we return to the classroom, it is very important to finish the first semester strong and get off to a great start for the second semester. These productive habits of the 7 Habits of Highly Effective People – Put first things first and Begin with the end in mind, will help to keep your student(s) focused on academic goals and also help with managing their time in an efficient manner. The academic stretch from January to April (Spring Break) is crucial to a successful year! Helping your student(s) manage their time wisely goes along with getting materials covered necessary for academic success, both in the classroom and on grade level, as well as end of course testing.

Our goal at Findlay City Schools is to team with parents/guardians to support our students as much as possible. Communicating issues or obstacles that may get in the way of learning is important to all of us working with your student(s). Please contact the building administrator or counselor if there are situations or issues we may be able to help your student(s) work through.

Kindergarten registration is quickly approaching. If you have a child that will be turning five (5) by August 1, 2017 registration will start in early February. Registering early is very important to the district so we can plan for staffing and class size. Free t-shirts are given to those who register early! Watch our website www.fcs.org for more detailed information coming soon. Preschool registration will be underway at that time as well.

We are blessed to have the opportunity to serve your student(s) and want to ensure that your student(s) are provided educational opportunities to meet the goals you and your student(s) have for their education. At Findlay City Schools our mission is to “Educate and Empower for life.”
