**Findlay City Schools  
Community/Charter School Sponsor  
Strategic Plan  
2018-2019**

Findlay City Schools will adhere to the Principles for Quality Charter School Authorizers and **will maintain the Standards for Quality Charter School Authorizers as established by the National Association of Charter School Authorizers** and use these Principles and Standards as the backbone of its Strategic Plan for quality school sponsoring. (Note: the term Authorizer and Sponsor are interchangeable.)

- Maintain High Standards
- Uphold School Autonomy
- Protect Student and Public Interests

Standards for Quality Charter School Authorizing

- Agency Commitment and Capacity
- Application Process and Decision Making
- Performance Contracting
- Ongoing Oversight and Evaluation
- Revocation and Renewal Decision Making

**Principles of Quality Charter School Authorizing**

Principle 1: Maintain High Standards

- Set high standards for approving charter school applications – at this time Findlay City Schools will only sponsor Findlay Digital Academy. Findlay City Schools is not accepting any new applications.
- Maintain high standards for schools it oversees. These high standards include evaluating the curriculum, personnel, and financial status of Findlay Digital Academy. They also include evaluating the health and safety standards. Additionally, student, staff and parent interests and well-being will be monitored.
- Oversee Findlay Digital Academy and establish that over time it meets the performance standards and targets on a range of measures and metrics set forth in the charter school/community school/sponsor contract.

- Close any school that fails to meet standards and targets set forth by Ohio Revised Code, Federal Law and by the sponsor contract.

### Principle 2: Uphold School Autonomy

- Honors and preserves core autonomies crucial to school success, including:
  - a. Governing board independence from the authorizer
  - b. Personnel
  - c. School vision and culture
  - d. Instructional programming, design, use of time
  - e. Budgeting
- Assumes responsibility not for the success or failure of individual schools, but for holding schools accountable for their performance.
- Minimizes administrative and compliance burdens on schools
- Focuses on holding schools accountable for outcomes rather than process

### Principle 3: Protect Student and Public Interests

- Makes the well-being and interests of students the fundamental value informing all the authorizer's actions and decisions.
- Holds Findlay Digital Academy accountable for fulfilling fundamental public education obligations to all students, which includes providing
  - a. Nonselective, nondiscriminatory access to all eligible students
  - b. Fair treatment in admissions and disciplinary actions for all students
  - c. Appropriate services for all students, including those with disabilities and English learners, in accordance with applicable law
- Ensures in its own work:
  - a. Ethical conduct
  - b. Focus on the mission of chartering high-quality schools
  - c. Clarity, consistency, and public transparency in authorizing policies, practices, and decisions
  - d. Effective and efficient public stewardship
  - e. Compliance with applicable laws and regulations
- Supports parents and students in being well-informed about the quality of education provided by Findlay Digital Academy and any other school that Findlay City Schools might sponsor in the future.

Findlay City Schools, as a sponsor, will oversee Findlay Digital Academy and working in partnership with Findlay Digital Academy will adhere to the Quality Practices as set forth in the Sponsor Quality Practices Rubric by the Ohio Department of Education. It will do likewise in regard to the Compliance Component and Academic Component of the Sponsor Evaluation process.

## Standards for Quality Charter School Authorizing

### Agency Commitment and Capacity

A quality authorizer engages in chartering as a means to foster excellent schools and offer school choice that meet identified needs, clearly prioritizes a commitment to excellence in education in authorizing practices, and creates organizational structures and commits human and financial resources necessary to conduct its authorizing duties effectively and efficiently.

The Findlay community in 2004 set up a task force to address the number of students who were being expelled or were dropping out of school. This task force had members from the Juvenile Court, Findlay City Schools, the Family Resource Center, Camp Fire USA and other community organizations. This task force felt that school choice should be offered to these students to address their life issues. Findlay City Schools took the leadership and became the sponsor of the Findlay Digital Academy that offers an on-line, continuous progress model of quality education. In 2014, Findlay Digital Academy was named the Charter School of the Year by the Ohio Alliance of Public Charter Schools. In November 2017 Findlay City School was rated as an Exemplary Sponsor by the State of Ohio Office of Community Schools.

Performance Contracting

A quality authorizer executes contracts with charter schools that articulate the rights and responsibilities of each party regarding school autonomy, funding, administration and oversight, outcomes, measures for evaluating success or failure, performance consequences, and other material terms. The contract is an essential document, separate from the charter application, that establishes the legally binding agreement and terms under which the school will operate and be held accountable.

The Sponsor Goals will be discussed and reviewed at the Sponsor Oversight Committee meetings at least annually.

Using data from multiple sources (website, audits, sponsoring documents) the Sponsor Oversight Committee will conduct a self-evaluation of its rating as a sponsor. The committee will use the Findlay City Schools Community School Sponsor Self-Evaluation form based on the National Association of Charter School Authorizers Index of Essential Practices as its primary evaluation tool. The committee will also analyze progress made during the year on the Sponsor Improvement Plan.

Self-Evaluation will occur annually by March 1.

### Intervention Process

Any negative issues/situations in regard to student safety/health, academic decline, financial difficulties, or improper governance will trigger Sponsor intervention in regard to the operation of the School.

The Sponsor Contract, Sponsor Strategic Plan and Legal Compliance Plan and Schedule & Protocols have been put in place to help guide the School to be in compliance with all local, state and federal policies/law/regulations.

If any major issues with student health/safety, academic decline, financial decline, or improper governance occur the Sponsor will immediately step in and take steps to rectify the issue.

### **Investigating/Documenting Conditions/Intervention Process/Procedure**

If a **minor issue** occurs in student safety/health, academic decline, financial decline or governance, then the following steps will take place:

- The Sponsor will conduct an investigation to see if a minor infraction of the contract has occurred. This investigation will include but not limited to unannounced site visits, review of records, securing expert opinion and interviews.
- If the investigation results in discovering a minor issue the Sponsor Superintendent and School Superintendent will meet and agree how to address the current Sponsor concern.
  - A time frame will be agreed upon as to when the issue will be corrected.
  - Documents will be developed to outline what steps need to be taken to correct the issue.
- If the issue is not corrected in the agreed upon time, then a formal written Corrective Action Plan will be developed.
  - Corrective Action Plan Actions Steps and Time Line will be developed and review dates established.
- If the Corrective Action Plan is not followed and appropriate targets achieved, then the Sponsor issue Notice of Probation of the Community School.

- An investigation will take place by the Sponsor to determine the origin and severity of the safety/health issue.
- The Sponsor Superintendent and School Superintendent will meet to put into place a Corrective Action Plan that will immediately correct the health/safety issue. Once the issue is corrected, the School will be allowed to resume classes. However, the Corrective Action Plan will remain in effect for the remainder of the school year and the Sponsor will conduct spot checks to make sure the safety/health issue remains corrected.
- If a major issue is discovered with academics, finances or governance then a Corrective Action Plan will be put in place to address the issue. This investigation will include but not limited to unannounced site visits, review of records, securing expert opinion and interviews.
  - The Corrective Action Plan will have action steps to correct the issue.
  - The Corrective Action Plan will have a timeline for fulfilling the action steps.
  - The Corrective Action Plan will have Sponsor monitoring spelled out.
- If the Corrective Action Plan is not being addressed in a satisfactory manner, the School will be issued a Notice of Probation by the Sponsor. The timelines spelled out in the Notice of Probation will be followed.
- If the Sponsor at any time finds that the School is no longer able or willing to remedy the agreed upon conditions/assurances the Sponsor may take over operation of the School.
- At that point the Sponsor will issue a Notice of Suspension of Operations. The timelines will be followed as spelled out in the Notice of Suspension of Operations.
- If the School continues to not meet Sponsor Contract obligations in a satisfactory manner the School will be issued a Notice of Termination of Community School Contract. The timeline spelled out in the Notice of Termination of Community School Contract will be followed.
- When the School Contract is Terminated the steps in Exhibit 8 Closing Process in the Sponsor Contract will be used.

The Sponsor will follow everything spelled out in the Sponsor Contract to assist the School to be successful.

## Appendix 5 Sponsor Strategic Plan

### Sponsoring Philosophy/Policy on Non-Renewals and/or Termination of an Ohio Community School

Termination of a Community School results in a permanent closure of a community school and a sponsor should take the loss of investment of public funds seriously and in balance with the loss of funds that may occur if the school is ultimately failing.

The District believes that termination of a contract with a community school should be in accordance with the statutorily allowable reasons of financial insecurity, educational performance deficiencies, health or safety reasons, breach of the community school contract or other good cause. The Sponsor looks also to the service that the school provides to students, the community interests, and the performance of the surrounding schools from the students' home districts, and the safety and progress of the students.

In an effort to maintain high quality among public schools, the Sponsor sets its procedures for non-renewal to be stringent, both assessing the three previous years of performance of a community school, and deciding whether the community school is in substantial compliance with its community school contract.

If a school applies to transfer to the Sponsor from another sponsor, the District will not take that school if (a) the previous sponsor non-renewed the school for educational or financial reasons, or (b) the school was non-renewed for other reasons that Findlay City Schools does not feel it cannot improve significantly through its own resources, technical assistance or expertise.

Although the District may take application for new schools, the general plan for the District is not to take on additional schools to sponsor unless it sees a dire need in the region that it feels will be fulfilled by a mission-based community school that can serve students in a manner that is unique, and which increases the opportunities for those students not otherwise being addressed.

In the event, that a school contract is terminated the Closing Procedures (Exhibit 8) outlined in the Sponsor Contract.

## Appendix 6 Sponsor Strategic Plan

### Technical Assistance Guidance/Process

The Sponsor (Findlay City Schools) has an established process for determining the needs of its School and it conducts a needs assessment annually to determine what type of technical assistance the School needs.

The scope of technical assistance provided by the Sponsor to its sponsored community school, Findlay Digital Academy, covers all aspects of the School's programs. As the Sponsor, we make significant resources available relating to instruction, transportation, facilities, fiscal matters, legal compliance, and other areas relevant to the School's operations. In our capacity as a local school district, we regularly encounter significant curriculum, technology, human resources, and/or other legal compliance issues. Information we learn through our own operations benefits the School. Further, our affiliation with other governmental entities, including but not limited to Educational Service Centers, provides additional resources to address the School's needs as they arise.

The Sponsor administrators work directly with School staff regularly as needed. Given the close proximity of the facilities, the Sponsor regularly handles such issues in a one-on-one, as needed basis, and we have made it clear that School staff can contact us in person, by cell phone, or by email at any time.

The Sponsor holds regular meetings with the School to determine whether the School needs additional assistance. The Sponsor sends a representative to attend every School board meeting, and we include a report on the School in our own District board meetings sometimes as a formal agenda item and other times as an informal comment.

Some examples of technical assistance are as follows:

- Provide guidance regarding the handling of standardized test administration during the OGT and AIR assessments.
- Confer with School staff regarding FTE requirements based on the new requirements.
- Assist the School in preparing its application to providing career-technical education programming. School leadership attends all of the Millstream Career Tech Directors meetings.
- Provide contacts within the community to assist with School programs.
- Provide guidance related to public records requests.
- Assist with the Sheriff's Office to secure services.
- Provide guidance regarding new career advising and College Credit Plus requirements.
- Share space and resources in an efficient manner when needed
- Perform all site visits to ensure compliance with laws and the School's contract with the District.
- Respond to the School's needs for additional assistance as requested.
